

YOU'RE INVITED!

Join the [insert name] lab and peers from across the globe
for a novel preprint journal club experience!

PLOS - the Open Access journal - and **PREreview** – the grassroots preprint review initiative –
have come together to test a new way to **collaboratively** and **constructively** review preprints.

Come join the experiment and help science progress faster!

WHEN: [Day], October XX at [Time andZone]

WHERE: [Room #] or join online (see below)

HOW: Register to receive call-in details and preprint info
